

When you add **passengers details** to Leon in the section Legs Info you can add just a number of passengers and send a handling requests email.

PAX list

☒ text ☐ database

num. 3

RQS

In the new **Handling Requests** feature pax information 'to be announced' will be displayed as **TBA**.

PAX on arrival

| Name | DoB | Passport (no / expires) | NAL |
|------|-----|-------------------------|-----|
| TBA  |     |                         |     |
| TBA  |     |                         |     |
| TBA  |     |                         |     |
