Applying FDP+ extension to crew

We have added a possibility of manually switching off and on the **FDP extension**.

This option is located in the tab CREW in the 'Duty & FDP Sectors' of 'FTL Calculations'.

The **FDP+** checkbox is displayed when FDP extension rules apply. If extension requires planning, 'FDP+' will only display when extension has been planned.

To activate the checkbox simply click on 'EDIT' button in the 'FTL Calculations' section.

The way the 'FDP+' checkbox works is very simple:

- **FDP+ ticked** - extension applies and is included in the FDP extension limits.
- **FDP+ unticked** - extension is disabled.

Hovering the mouse over the 'FDP+' will inform you of the current status of the FDP extension.

Using 'FDP+' automatically recalculates **Max FDP** Limit and does not require saving.
