

Crew duty planner is able to delete different types of crew duty requests at one stroke in '**Crew Duties**' section.

Once duty requests have been added by the crew, you can decide whether to accept them or to reject.

It is possible to delete a **few types of requests** at one stroke (instead of clicking on each one of them).

Mark duty requests that should be deleted and a new pop-up window will show up with all previously defined types of duties in 'CDR Definition' section. To delete all of them, click on the icon '**Requests**'.

The screenshot shows a calendar for August with dates 11 to 23. The calendar cells contain duty request codes: (V) for 11, 12, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23; (S) for 13; and (O) for 24. A pop-up menu is open, showing a list of duty types under 'Add/Edit' and 'Delete' sections. The 'Requests' option is highlighted in the 'Delete' section. A yellow callout box with a red border contains the text 'Click 'Requests' to delete all marked duties'.

August												
11	12	13	14	15	16	17	18	19	20	21	22	23
(V)	(V)		(S)		(S)			(O)	(O)	(O)		(O)

LEON D - Duty G-L

Pop-up menu:

- Add/Edit
 - Off (Off)
 - Medical leave (M)
 - Training (T)
 - Duty D-LEON (D)
 - Duty G-LEON (D)
 - Duty M-LEON (D)
 - Duty SP-LEON (D)
 - Vacation (V)
 - Office (O)
 - Simulator (SIM)
 - X-COM (Q)
 - Standby (S)
 - Positioning (PSN)
- Delete
 - Vacation (V)
 - Standby (S)
 - Requests**

The same can be done by **crew members** adding requests in 'Crew duties' section - they are able to delete more than one type of request at one stroke.
