Exporting to mccPilotlog

**mccPilotLog** is a logbook software that is now integrated with **Leon**.

**Crew can access this function from** Crew>Logbook export.

**Exporting** flights to **mccPilotLog** requires to fulfill **3 easy steps**:

1. **Click on Export to mccPilotLog icon in the top right corner**
2. **Save the log to excel file**
3. **Upload the file to mccPilotLog software**

**This function is able to export the flights  
with full Journey Log only.**
